LINHA LUZ E FORMA COLOR

Um Natal mais impactante!

Preenchendo as figuras luminosas com LED você ganha um efeito exuberante durante à noite, enchendo o seu Natal de cores com alta luminosidade. Além deste diferencial você ganha formas coloridas e definidas também durante o dia, pois utilizamos o fio cristal na cor do LED.

Podemos aplicar este efeito em qualquer desenho deste catálogo, consulte-nos.

LINHA LUZ E FORMA MOVEMENT

Brilho em movimento no seu Natal!

Dê um brilho ainda mais especial às tradicionais figuras em estrutura metálica e mangueira luminosa. Adicionando strobos e mangueira de LED com movimento, as peças ganham efeitos especiais chamando ainda mais a atenção do público. Você pode optar por apenas um dos efeitos, sendo uma forma de otimizar custos ou mesmo uma questão estética. **Podemos aplicar este efeito em qualquer desenho deste catálogo, consulte-nos.**

FIBRA DE VIDRO

A interatividade das crianças com a decoração sempre trouxe sucesso para o evento. Casinhas coloridas, cogumelos gigantes, torres medievais e guardiões lúdicos proporcionam um clima perfeito para que a fantasia se torne realidade e as crianças possam entrar e sair das peças decorativas que formam uma verdadeira Vila do Papai Noel.
